HISTORY AND MISSION

Founded in 1991, The Literacy Project (TLP) serves the central Michigan community with a variety of literacy programs and projects. TLP is a fully-accredited 501 (c) (3) non-profit organization and a member of the National Council of Reading. Through our programs, our organizations has grown from serving 15 learners to nearly 500 annually.

**TLP's mission is to provide literacy instruction to adults
enabling them to reach their full potential and goals
as they relate with family, the workplace and their communities.**

AMOUNT AND PROGRAM TO BE FUNDED

\$1,500 requested

The most important and significant way in which TLP fulfills its mission is by screening and training volunteer tutors as well as assessing the literacy needs of a wide variety of learners. Using evaluation materials and one-on-one volunteer/learner pairings, TLP is able to appraise the individual requirements for each learner's unique success.

TLP is requesting funding to support our on-going literacy project. All learners receive one-on-one tutoring on reading skills by fully trained volunteers. Along with direct program instruction, learners are provided teaching materials and follow up reading materials, such as books and inter-active instructional guides.

USE OF FUNDS

Funding will be used to continue and grow our efficient and effective program. The program will provide volunteer tutoring training, workshops, teaching materials, learner evaluations, learner materials and programming supplies.
